BREAK MY HEART AGAIN

FINNEAS

[Verse 1]

Hey, you

I'm just now leaving

Can I come around later

on this evening?

Or do you need time?

Yes, of course, that's fine

[Verse 2]

Hey, you

Good morning

I'm sure you're busy now

why else would you ignore me?

Or do you need space?

You can't help it

if your mind has changed

[Chorus]

So go ahead and break my heart again

Leave me wonderin' why

the hell I ever let you in

Are you the definition of insanity?

Or am I?

Oh, it must be nice

To love someone

who lets you break them twice

[Verse 3]

You're so blue

Are you still breathing?

Won't you tell me

if you found that deeper meaning

Do you think I've gone blind?

I know it's not the truth

when you say, "I'm fine"

[Chorus]

[Bridge]

Don't pretend that I'm the instigator

You were the one,

but you were born to say goodbye

Kissed me, half a decade later

That same perfume,

those same sad eyes

[Chorus]

TALKING TO THE MOON

Bruno Mars

[Verse 1]

I know you're somewhere out there
Somewhere far away
I want you back
I want you back
My neighbors think I'm crazy
But they don't understand
You're all I had
You're all I had

[Pre-Chorus]

At night when the stars
light up my room
I sit by myself

[Chorus]

Talking to the moon
Tryna get to you
In hopes you're on the other side talking to
me too
Or am I a fool who sits alone
Talking to the moon

[Verse 2]

I'm feelin' like I'm famous
The talk of the town
They say I've gone mad
Yeah, I've gone mad
But they don't know what I know
Cause when the sun goes down
Someone's talkin' back
Yeah, they're talkin' back, ohhh

[Pre-Chorus]

[Chorus]

[Interlude]

Ahh... ahh... ahh...
Do you ever hear me calling?
Ahh... ahh... ahh...

[Chorus]

Cause every night I'm talking to the moon
Still tryna to get to you
In hopes you're on the other side talking to
me too
Or am I a fool who sits alone talking to the
moon? Ohoooo...

[Outro]

I know you're somewhere out there
Somewhere far away

HALF A HEART

One Direction

[Verse]

So your friends been telling me
You've been sleeping with my sweater
And that you can't stop missing me
Bet my friends been telling you
I'm not doing much better
Because I'm missing half of me

[Pre-Chorus]

And being here without you
It's like I'm waking up to

[Chorus]

Only half a blue sky
Kinda there but not quite
I'm walking round with just one shoe
I'm a half a heart without you
I'm half the man, at best
With half an arrow in my chest
I miss everything we do
I'm a half a heart without you

[Verse]

Forget all we said that night
No it doesn't even matter
Cause we both got split in two
If you could spare an hour or so
We'll go for the lunch down by the river
We could really talk it through

[Pre-Chorus]

[Chorus]

[Bridge]

Though I try to get you out of my head
The truth is I got lost without you
And since then I've been waking up to

[Chorus]

[Outro]

Without you, without you
Half a heart without you
Without you, without you
I'm half a heart without you

DOUBLE TAKE

Dhruv

[Verse 1]

I could say I never dare to think about you in
that way

But I would be lying

And I pretend I'm happy for you

when you find some dude to take home

But I won't deny that

[Hook]

In the midst of the crowds

In the shapes in the clouds

I don't see nobody but you

In my rose-tinted dreams

Wrinkled silk on my sheets

I don't see nobody but you

[Chorus]

Boy, you got me hooked on to something

Who could say that they saw us coming?

Tell me

Do you feel the love?

Spend the summer of a lifetime with me

Let me take you to the place of your dreams

Tell me

Do you feel the love?

[Verse 2]

And I could say I never answered those
believers inside my head

But that's far from the truth

Don't know what's come over me

It seems like yesterday when I said

"We friends forever"

[Hook]

Constellations of stars

Murals on city walls

I don't see nobody but you

You're my vice, you're my muse

You're a nineties floor view

I don't see nobody but you

[Chorus]

[Outro]

Do you feel the love?

Do you feel the love?

Do you feel the love?

Do you feel the love?

Feel the love

Feel the love

AS THE WORLD CAVES

Matt Maltese

[Verse 1]

My feet are aching
And your back is pretty tired
And we've drunk a couple bottles, babe
And set our grief aside
The Papers say it's doomsday
The button has been pressed
We're gonna nuke each other up boys
'Til old satan stands impressed

[Pre-Chorus]

And here it is, our final night alive
And as the earth burns to the ground, oh girl

[Chorus]

It's you that I lie with
As the atom bomb locks in
Oh it's you I watch TV with
As the world, as the world caves in

[Verse 2]

You put your finest suit on
I paint my fingernails
Oh, we're going out in style babe
And everything's on sale
We creep up on extinction
I pull your arms right in
I weep and say goodnight love
While my organs pack it in

[Pre-Chorus]

And here it is, our final night alive
And as the earth burns to the ground, oh girl

[Chorus]

It's you that I lie with
As the atom bomb locks in
Oh it's you I watch TV with
As the world, as the world caves
Oh it's you that I lie with
As the atom bomb locks in
Yes it's you I welcome death with
As the world, as the world caves in
As the world caves in

LET ME DOWN SLOWLY

Alec Benjamin

[Verse 1]

This night is cold in the kingdom
I can feel you fade away
From the kitchen to the bathroom sink and
Your steps keep me awake

[Pre-Chorus]

Don't cut me down, throw me out, leave me
here to waste
I once was a man with dignity and grace
Now I'm slipping through the cracks of your
cold embrace
So please, please

[Chorus]

Could you find a way to let me down slowly?
A little sympathy, I hope you can show me
If you wanna go then I'll be so lonely
If you're leaving baby let me down slowly
Let me down, down, let me down, down
Let me down, let me down, down, let me
down,
down, let me down
If you wanna go then I'll be so lonely
If you're leaving baby let me down slowly

[Verse 2]

Cold skin, drag my feet on the tile
As I'm walking down the corridor
And I know we haven't talked in a while
So I'm looking for an open door

[Pre-Chorus]

[Chorus]

[Bridge]

And I can't stop myself from falling do-own
And I can't stop myself from falling down
And I can't stop myself from falling do-own
And I can't stop myself from falling down

[Chorus]

If you wanna go then I'll be so lonely
If you're leaving baby let me down slowly

ALL THIS SUMMER

Robin Choo

[Verse 1]

I still remember the way we used to be
The things we shared
And the promises that we made
All this while I never thought you'll leave
Now your gone then I realize

[Chorus 1]

All this summer
I could have spent with you
All this summer
I could have been with you
If not these flowers died
If not I broke your heart
All this summer

[Verse 2]

All I want is to spend my life with you
I just can't stop thinking of your love
How I wish that you would change your
mind
To come back
Back into my life

[Chorus 2]

All this summer
I could have spent with you
All this summer
I could have been with you
If not these flowers died
If not you broke my heart
All this summer

[Bridge]

I'm so sorry
Please forgive me

[Chorus 1]

[Chorus 3]

All this summer
I could have spent with you
All this summer
I could have been with you
If not for what I've done
If not for what I said
All this summer

BETTER WITHOUT YOU

Tay Yong

[Verse 1]

End of June and early July

That's when you started feeding me all your lies

Told me that you needed some space and some distance

So I did the only thing in my mind that made sense

I gave you space and time and a couple billion ways to break my heart

Now you're telling me there's this new guy

I ask you if there's feelings but you try to deny

Told me that he's a year younger

But is he someone who treats you better

Than, I see the way that he makes you smile,

But you tell me "that's not true"

[Chorus]

Yeah I miss the way you make me feel like that and that i'll never be enough for you

I miss the lies you tell me, remember when I told you that I love you and you said me too

But now I'm better, I'm better, I'm better without you

I miss the time when you messed me up,

And you didn't even care cause you didn't even know

I miss the time when I said I missed you

But even if I wanna say I miss you now, I can't because I don't

Cause I'm better, I'm better without you

BETTER WITHOUT YOU (Continue)

[Verse 2]

9th July, it was a Friday night

We had a date night, but you bailed, saying you weren't alright

Disappeared for a couple of hours,

Had me thinking what could've been ours and then you told me what you were doing,

Let's just say, what the heck, the hell you even doing girl

Called you here, didn't want to talk on the phone

You try to justify yourself, but we know how this story goes

Do you remember the night when I cried, said you'd do better, but like why even try

I can't believe I let myself be hurt by you over again

[Chorus]

[Bridge]

And I could go on and on

Tell the world about every instance where you broke my heart, but you're not worth my time
no more

I hope that you're happy playing with your new toy, your new boy and no don't get me
wrong, no, I'm not angry like before

So life goes on and on and my world won't have you in it, no, not anymore,

Thought i'd be sad about it, but no, these tears are tears of joy

I know that I'm happier without you, can't believe I trusted my heart with you, now look
what you've done

[Chorus]

CHICKEN TENDIES

Clinton Kane

[Verse 1]

I saw someone who looks just like you
In the back seat with her hand out the
sunroof
I swear it was the dress that I gave you
And I wonder is your favorite color still blue

[Pre-Chorus]

And you're full of love, and wild and free
Chasing every dream and possibility, you're
More than I could ever be

[Chorus]

I hope he treats you better than I ever could
Cause you deserve the world times two
And our simple Sunday afternoons
I hope he's home for you even though I had
to lose you
For you to find who fills your heart
Even if I'm not the one you choose

[Break]

Ohh...

[Verse 2]

I thought I caught a glimpse of me and you
In our kitchen where I cooked your favorite
food
And if I'm being honest I was a fool
So say the word and I'll come running back
to you

[Pre-Chorus]

[Chorus]

[Break]

Ohh...

[Chorus]
